UNIQUE CHOICE FOR YOUR FLOOR / TILE / CARPET.

Company Profile

Changzhou Zhuyou Display S&T Co., Ltd. is a manufacturer and service provider focusing on high-end customized commercial furniture. Our main business includes display tools, display project design, digital multimedia content services and home industry products.

For decades, Zhuyou has been deeply cultivated in the field of floor covering display, including flooring, carpet, ceramic tile and other related fields. We have been continuously studied and improved in R&D, production and sales. Now we're a leading enterprise in the field of floor covering display at home and abroad, and export to North America, Australia, Europe and etc.

In the future, we will use our professional experience in the display industry as well as our high-quality standards of products, combined with the vigorous development of 5G, to apply intelligent display to more commercial exhibition area. At the same time, Zhuyou focuses on the home and furniture industries, equipped with high-end manufacturing equipment and personnel, and will create an integrated product life cycle of "high-end customization, high-precision manufacturing and advanced processing" with innovative R&D and design services.

THE CARPET COLLECTION

Instead of interweaving warp and weft, it is made by inserting pile yarn into carpet base cloth through steel needle, and then holding the city head through glue in the later process.
